# 1. General

Rope Skipping Canada (RSC) has adopted the International Jump Rope Union (IJRU) rulebook, including the IJRU competition manual and the IJRU judging manual for use at the Rope Skipping Canada National Championships. Provincial Sporting Organizations (PSOs) are required to follow the same rules and regulations for all national qualifying events (e.g. Provincial Championships).

RSC will continue to update this document for events or age divisions not listed in the IJRU competition manual. Additional events and/or age divisions may be offered at the discretion of RSC to promote Long Term Athlete Development (LTAD) and continued growth of the sport across the country.

RSC follows the IJRU Rulebook for all events, with the exceptions as outlined in this document and as described in the World Championship Qualification Policy. **This document is to be used only in conjunction with the official IJRU competition rule books and does not include the entirety of the competition rules and regulations.**

# 2. Code of Conduct

RSC places the utmost importance on athlete, coach, volunteer, judge and spectator code of conduct. The following outlines the code of conduct expected of all individuals attending RSC sanctioned events:

- Sportsmanship, self-control and discipline are expected of all athletes and coaches at all times.
- Treat everyone with the equal respect, courtesy and kindness at all times.
- Help advance and improve the sport by being generous and sharing ideas and skills with others.
- Congratulate others, whether they are teammates or not, for an effort well done. Rejoice in the successes of others, both big and small.
- Do not distract other athletes while they are competing.
- Respect judges and their decisions. Abuse of officials will not be tolerated.
- The Technical Committee may, at their discretion, apply a penalty of up to 10 jumps for a speed event, a deduction of up to 1.0 point for a freestyle event, or disqualification from the entire event depending on the severity of a code of conduct infraction. There will be no appeal of these penalties.
- Fair play is crucial in sport. All athletes are bound by the RSC's complete ban on performance enhancing substances. Athletes found supplying or using such substances will be banned from competition and attendance at any RSC event for a minimum of two years and must apply to the Board of Directors for approval to return.
- Any violation of the Code of Conduct during an event will be brought to the Technical Committee. The Technical Committee will convene and make all decisions related to Code of Conduct violations. All repercussions related to the Code of Conduct violations will be at the discretion of the Technical Committee and the Board of Directors.

competition field of said coach's box. They must not interfere with the view or distract the judges or other athletes at any time.

4.3.4 The coach's box occupant may record their athlete(s) with a digital video recorder such as a cell phone, tablet or small camera. The recording device must not impede the view or distract the judges or other athletes in any way.

4.3.5 The coach's box occupant may NOT record or coach athletes in adjacent competition fields.

4.3.6 If a coaching box occupant violates any of the aforementioned rules, the judges will consider them committed by the athlete/team and the athlete/team will be penalized as per Section 5 – Deductions.

## **4.4 Equipment**

4.4.1 Ropes: See IJRU Rule Books

4.4.2 Props: See IJRU Rule Books

4.4.3 Video Recording Devices: Video recording devices such as cell phones, tablets or small cameras may be used within the boundaries of the coach's box. If a video recording device interferes with a judge's view, the recording device will be removed from the coaching box by the Technical Committee.

4.4.4 Clickers are permitted within the coaching box.

4.4.5 Uniforms: Uniforms may include but are not limited to graphics such as club name, team name, sponsor and/or logo displayed during the competition. Items of jewellery including, but not limited to, necklaces, watches, rings, and piercings larger than studs must not be worn.

4.4.9 Padding such as knee pads, elbow pads, helmets and wrist guards are not permitted.

## **4.5 Music**

4.5.1 Music is permitted during all freestyle events but is not required. Music should enhance and provide a positive element and energy to an athlete or team's routine. Refer to the IJRU Rule Books for additional music rules and regulations.

4.5.2 All music used by an athlete in competition or in practice/warm-up will set a positive tone for

the routine, athlete, competition, and audience that supports the values of Rope Skipping Canada.

4.5.3 After the athlete(s) freestyle has commenced, it must be finished regardless of music errors (i.e. wrong song plays, CD starts skipping, missed cue etc.).

4.5.4 All athletes, coaches, and parents will exercise discretion when choosing and approving music with potentially inappropriate or vulgar lyrics or themes, to ensure that the resulting experience is respectful and appropriate for all ages (competitors, participants, officials, and spectators). Any subversions, bleeps etc. that still leave the impression of the original wording of the song will be subject to the same penalties.

4.5.5 Terms on the “RSC Zero-Tolerance Word List”, including all of their equivalents, will not be tolerated in the musical selections of athletes. Coaches can contact their Provincial director or email [info@ropeskippingcanada.com](mailto:info@ropeskippingcanada.com) for more information.

4.5.6 A minimum deduction of 3 points from an athlete(s) overall score for the event, will occur for the use of music containing any of the terms on the RSC Zero-Tolerance Word List. Where there could be a difference of interpretation due to the quality of the sound recording, it is advised to err on the side of caution.

4.5.7 The athlete and their head coach(es), at the time of the event, will also be penalized with a demerit. Should more than one athlete representing a club break this rule at the same event, only one demerit will be awarded to the head coach, and one demerit to each jumper involved. If a jumper or coach acquires two or more demerits within a four year span, that individual will receive a one year suspension from competing at National Championships, regardless of the team they affiliate with.

4.5.8 Should a deduction or demerit be awarded to a coach or athlete, a minimum of two representatives from the competition Technical Committee, will approach the head coach (or representative in the event of the coach's absence) and explain in clear terms what the demerit or deduction was given for and a warning if they have other athletes attempting to use the same song. If an athlete or team wishes to rebut the deduction or demerit they must appeal to the Technical Committee.

## **4.6 Delay of Tournament**

In the case where an athlete or team fails to appear for an event or enters the boundary of the competition not prepared to compete, the head judge will notify the tournament director. Once notified by the tournament director, the athlete(s) will have one minute to resolve their issue and be ready to compete. Athletes who fail to meet the deadline will receive a score of zero for that event.

In addition, the club making the appeal must be able to digitally transfer the video from their recording device to a laptop computer so that the Technical Committee can review the video in a larger format.
